Awards for Dana Neu-Ulm

Dutch truck manufacturer DAF and U.S. parent company PACCAR have commended Dana Neu-Ulm for achieving the target parts per million (ppm) below 10 for the 14th year in a row.

As a matter of fact, the customer had no complaints in 2021 at all. In addition, PACCAR has commemorated Dana as “Supplier Performance Management Leader 2021.” Most of the deliveries were made from Neu-Ulm.

Ford plants in Dagenham, UK, and Craiova, Romania, have congratulated Neu-Ulm for having had zero complaints. GM Korea, Customer Care & Aftersales (GM’s own aftermarket parts organization) has praised the company for its punctual deliveries.

In addition, GM honored the Neu-Ulm facility with the "Supplier Quality Excellence Award" - an award for the fulfillment of a wide variety of quality criteria. And now for the sixth time in a row.
Furthermore, Neu-Ulm has a large contribution in the "GM Overdrive Award" for Dana.
